There were great ideas shared concerning fundraising, mentoring, website development, merchandising, and giving. The Houston Chapter will seek the assistance of the ATL & DC chapters for by-laws. There will also be an election of officers.

We will plan monthly meetings via email. Those meetings will be advertised on the Alumni and St. Aug. websites in advance. In order to solve the geographic challenge of Houston, we will meet inside of the 610 Loop. If there are any location suggestions, please submit them. We look forward to seeing everyone in June 2009.
